- All-in-One Print Cartridge (UC-5380) (Approx. 9,000 pages*)

UF-6200 Specifications

Compatibility	ITU-T Group 3, ELM
Modem Speed	33.6 kbps • 24 kbps with automatic fallback
Coding Scheme	MH/MR/MMR
Transmission Speed ¹⁾	Approx. 3 sec.
Document Size	Max. 10.17 x 18.27" (257 mm x 200 mm) (with operator's assistance)
	Min. 3.5" x 5.57" (146 mm x 138 mm)
Effective Scanning Width	8.31" (212 mm)
Automatic Document Feeder Capacity ²⁾	Up to 50 sheets (Letter)
Scanning Resolution (Fax)	Standard: 200 dots/inch (8 lines/inch) x 3.85 lines/mm Fine: 200 dots/inch x 195 lines/inch (8 dots/mm x 15.4 lines/mm) Super Fine: 200 dots/inch x 271 lines/inch (7 dots/mm x 15.4 lines/mm)
Scanning Speed ³⁾	Approx. 2.8 sec./sheet (Standard mode)
Scanning Resolution (Copy)	400 dots/inch x 271 lines/inch (16 dots/mm x 15.4 lines/mm)
Scanning Resolution (Print)	400 dots/inch x 271 lines/inch (16 dots/mm x 15.4 lines/mm)
Scanning Paper Size	Letter (8.5" x 11") or A4 (8.27" x 11.69") cut sheet on plain paper
Effective Scanning Width	8.27" (209 mm) (Letter)
Effective Paper Capacity	250 sheets (50 lb., 75 g/m ²), Max. 500 sheets with special Paper Feed Unit
Recording Resolution	Fax / Copy: 400 dots x 371 dpi Printer: 600 dots x 600 dpi
Image Memory Capacity ⁴⁾	8 MB (Approx. 480 pages)
Printer / Scanner Interface	USB 1.1
Scanner Driver	TWIN
Scanning Resolution (PC) ⁵⁾	600 dpi x 600 dpi
Power Requirements	AC 120 V, 60 Hz
Power Consumption	Max. Approx. 470 W Sleep mode: 1.2 W
Dimensions (W x D x H) ⁶⁾	14.6" x 18.7" x 23.9" (370 mm x 471 mm x 235 mm)
Weight ⁷⁾	20.8 (19.0 kg) (Excluding consumables and optional equipment)

Dimensions*

2nd Paper Feed Module optional

Features

- Auto Dialer One-touch up to 40 stations (including program keys)
- Addressed up to 300 stations
- Forwarding (Call Forwarding Program)
- Multi-Tasking Document
- Directory Search Dialing
- Fax Mailbox Prevention
- Directory Sheet Print
- Intelligent Redial
- Chain Dialing
- Distinctive Ring Detection (DRD)
- Quick Memory Transmission
- Multi-station Transmission (up to 332 stations)
- Automatic Memory Retransmission
- Deferred Transmission
- Deferred Multi-station Transmission
- Priority Direct Transmission
- 200 Mail (Max. 255 pages)
- Edit File folder with View Mode
- Fax Mailbox Over Alert
- Lock Fax Filter
- Substantive Reception
- Selective Reception
- Number of memory job files (Max. 50 files)
- Fax Forward
- Polling/Multi-station Polling (up to 332 stations)
- Deferred Polling/Deferred Multi-Station Polling
- Confidential Mail Box⁸⁾ (10 mail boxes)
- Password Transmission Reception⁹⁾
- ITU-T Sub-address (Fax Copy)
- Panasonic Super Smoothing (Fax Copy)
- 44-level Halftone
- Automatic Feed Reduction
- Overlapping Print
- Verification Stamp
- Communication Journal with image data
- Header/Trailer Page Print
- Transmission Journal with view mode
- Fax Access Code (Fax Lock)
- PIN Code Access
- Fax Tel. Auto Switch
- External TAPI Interface
- Remote Reception
- Energy Saver
- Remote Diagnostic System (GD Email)
- Check & Call Function (GS Email)
- LDAP 2 Compatible
- POP before SMTP
- POP before SPOP
- Standard Software
- Printer Driver
- Twain Scanner Driver
- PC Fax software (Fax Driver/Panafax Desktop)
- Quick Image Navigator
- Phone Book Editor
- Configuration Editor
- Status Monitor

Note

- 1) For fax transmission, use only with selected Panafax units.
- 2) Maximum time after memory full for the first data unit only (D1). In multiple, between the same mode at maximum rates speed. Transmission may vary with actual usage. Individual specifications can vary by region. Higher communication speed for all digital modes. For fax, communication speed is data transfer speed.
- 3) Using 100, 180, 360-dot. Set the documents as same size.
- 4) For compressed resolution (Resolution: 200 dots/inch x 371 lines/inch).
- 5) For compressed resolution (Resolution: 400 dots/inch x 600 dpi).
- 6) Dimensions do not include the second paper tray. Dimensions are for the paper tray with the paper tray open. Dimensions do not include the second paper tray. Dimensions are for the paper tray with the paper tray closed.
- 7) Weights are average upon applications, include configuration, and status. In actual speed may vary.
- 8) For transmission, use only with selected Panafax units.
- 9) Dimensions and weight are approximate.
- 10) Dimensions (W x D x H).
- 11) Dimensions (W x D x H).

Power faxing at your fingertips

SEND with speed and confidence

High-speed and Reliable Scanning

Built for true business-level faxing, the UF-6200 is equipped with a 50-page automatic document feeder which can quickly scan documents at a rate of 2.8 seconds per page. With a touch of a button, multi-page documents are on their way and you are free to tackle more important tasks!

480-page Capacity Document Memory

With its high-capacity 8MB document memory, the UF-6200 can store up to 480 pages*. That's more than enough memory to easily handle several high-volume jobs at once. No wasted downtime!

* Based on IUT-1 Image No.1 scanned in standard mode.

Job Build

When a large job exceeds the ADF capacity, the UF-6200 lets you batch feed the job into memory. After which the job is assembled into a single transmission. Just one of the many convenient features designed to handle large jobs and save valuable time!

Super Fast Fax Transmission

With Quick Memory Transmission, the UF-6200 starts dialing as soon as the first page is scanned in. Another time-saving feature for sending large, multi-page documents!

Fax Driver for Easy PC Faxing

PC Faxing saves both time and paper. With the Fax Driver that comes standard with the UF-6200, sending faxes from your desktop is as simple as selecting the driver and inputting the destination fax number. No need to print the document or walk over to the fax machine!

RELIABLE ADF

DUPLICATION

Email/G3 Fax Hybrid Solution**

Add the optional Internet Fax Module and the UF-6200 transforms into a hybrid solution. Simultaneously send G3 faxes using a phone line while sending or receiving internet faxes from the internet, increasing your office productivity.

** Requires optional Internet Fax Module

- 1 I-Fax / G3 Fax machines on LAN
- 2 PC on LAN

RECEIVE with interruption-free convenience

250-sheet Capacity Tray (Max. 500 sheets with option)

With 250 sheets of paper in the standard tray, the UF-6200 is always ready to receive large volumes of faxes. If that is not enough, you can add an optional tray for a maximum capacity of 500 sheets!

100-sheet Reception Tray

The reception tray holds up to 100 pages. No worries about large jobs overflowing the tray. Just pick up your faxes when you are ready!

OPERATE intuitively

Ergonomically Designed Panel

The UF-6200 features an ergonomically designed operation panel. All the hard keys are laid out logically and labeled clearly for stress-free operation. Status indicator lets you know at a glance when the machine is in use or requires attention.

340-Station Auto Dialer

Frequently used fax numbers can be programmed into any of the 40 one-touch or 300 abbreviated buttons in memory for easy mistake-free faxing.

Directory Search with the QWERTY keyboard

Inputting directory information is easy with the familiar QWERTY keyboard. The large keys also make directory searching simple. Just input the first few letters and it will list matching names on the LCD. Use the up and down keys to navigate the list and select the name you are looking for.

Backlit LCD

The UF-6200 features easy-to-read backlit LCD for a clear display of information.

High Capacity All-in-One Cartridge

Running out of toner in the middle of receiving a fax is annoying. The All-in-One cartridge with a print capacity up to 9,000 pages* means less frequent replacement, simple changing, and one less worry!

* Based on IUT-1 Image No.1 scanned in multiple copy mode. Yield may vary according to operating conditions and environment where the machine is installed.

Junk Fax Filter

Block junk faxes by registering unwanted fax numbers. It's a great way to prevent wasted paper, toner and valuable time on junk faxes. Blocked fax numbers can be confirmed in the fax communication log.

SECURITY for information integrity

The UF-6200 comes equipped with advanced fax transmission security. Three levels of protection prevent you from accidentally sending faxes to the wrong party.

1. Direct Dial "Re-Entry"

When enabled, you are asked to re-enter the fax number or Email address twice before the machine starts sending the fax.

2. Direct Dial "Blocking"

The UF-6200 can be set to prevent all direct dialing. You can only send faxes to phone numbers listed in the machines address book.

3. On-Screen Address Confirmation

In this mode, the UF-6200 displays the registered name of the recipient on the display, allowing you to make sure that the fax is transmitted to the intended party.

Built-in maintenance and support

Keep your work flowing with maintenance support features like Check & Call for automatic reporting of low-toner status and mechanical problems. Additionally the UF-6200 features a built-in Remote Diagnostic System for fast troubleshooting by technicians via the telephone line or Internet.
